Kurzbeschreibung

*New Rule: Never owe a vampire a favor...*

Nearly a year after defeating her evil ex, sorceress Jade Crow has found some peace running her comic book store and gaming with her friends. Until the vampire who helped her win against Samir comes knocking and wants the favor repaid.

The Archivist's request looks simple on its surface. Go into an empty house and check for magic items.

There's just a tiny problem: simple is not Jade's forte. There are lies around every turn and soon she's neck deep in undead.

Not all quests are what they seem and laid to rest doesn't mean the dead stay buried...

*Dungeon Crawl* is the eighth book in *The Twenty-Sided Sorceress* urban fantasy series.
